Psychiatristsydney.com.au won high ranking in key words, improved by structure and bettered the domain authority after incorporating with Eminenture Technologies.

The Result

Web promotions require patience. Once the goals were set, their positive results began to showcase. It started with one or two queries a day which extended day by day. Facebook, Twitter, LinkedIn and Google+ exhibited outstanding responses from across the globe.

Improvement in urls and backlinks showed miraculous results. Appropriate keywords targeting proved worthy. Traffic enhanced to an unbelievable extent. Genuine reviews, emails, compliments and calling for psychiatry counseling seemed difficult to handle.

"Such magnificent outcome and response through Eminenture Technologies firmed my faith in their SEO and SMO web services," accepted Dr. Abeye, "And I will continue to associate with it till long run."

The owner of "Psychiatristsydney.com.au" is **Dr. Himalee Abeye**, an unprecedented psychiatrist in Sydney. Her web portal broadcasts the blend of her holistic approach with her in-depth psychology education in her educative videos. Her online address shot fame to her. It defines her personalized and tailor-made treatment for uprooting addictions, anxiety, depression, personality disorder, relationship problems, psychosomatic, bipolar disorder, eating and post-traumatic disorders. It also established her as master of ADHD, general adult, adolescent and old age psychiatry.

Challenges

"**Psychiatristsydney.com.au**" was full of bad and irrelevant backlinks. Erstwhile, keywords targeted were inappropriate and irrelevant while URLs were not up-to-the mark. Therefore, their keywords were not making their way to the search results. Obviously, the figure of visitors was not improving despite stringent efforts. It was in urgent need of user-friendly as well as relevant and high quality content, SEO and SMO for better visibility and promotions in search results on search engines, like Google.

"I had gone through the bitter experience of fake promises by some other company. In the name of web promotions, they delivered us bad backlinks and irrelevant urls," explained Dr. Abeye.

"When asked to web experts of eminenture technologies, my keywords started appearing in the search engines' results in three months and queries from social media were coming countlessly," stated Dr. Abeye

Eminenture's web experts are far ahead of so called web adepts. Their outside-the-box work speaks louder rather than hollow promises.

The Solution

The **SEO and SMO** stalwarts of **Eminenture** were ready with the plan of action to target millions of audience in minimum possible time. They prepared synopsis of what, when, where, why and how to target which keywords for achieving enhanced domain authority.

1. Keywords listing, targeting and postings
2. Creating backlinks
3. Improving quality of content and urls
4. Interlinking of the webpages
5. Blog submissions
6. Article submissions
7. Directory submissions
8. PPT and Video submissions
9. Info-graphic submissions
10. Analysis in report

Continuous efforts were put in to execute the foregone plan of action. As a repercussion, the website 'psychiatristsydney.com.au' got visibility in research results.

"I kept in frequent touch with Eminenture's SEO team and web masters to get clues of improving web traffic. Every fortnight, their report of complete analysis was sent to me," stated Dr. Abeye

Social Media Optimization (SMO) created buzzing about the keywords 'Psychiatrist', 'Psychiatry for general adults', 'Psychiatry for old age', 'Psychiatry for adolescents', 'Depression treatment', 'Anxiety treatment' and 'Alcohol/drug/smoke Addiction Counseling'.
